Webinar Question 1

Hello. Is my hand raised correctly? Georgia Ackerman,
Apalachicola Rivekeeper

Webinar Response 1

Hi Georgia, yes. We have you next on the standby list. We'll take a few more of our pre-registered speakers that are present, and then we'll turn to you. I'll give you a heads up via chat a few minutes before we call on you. Thanks!

Webinar Question 2

Thank you. Wasn't sure if I did it correctly.

Webinar Response 2

Totally makes sense, thanks for checking!

Hello I am able to hear through my computer speakers now.
May I try again.

I clicked on due not record am I muted..? will I be able to
hear or speak? how to correct?

I can unmute you briefly as a test and see if your icon goes green. Please unmute yourself on your end, but do not speak, so that I can test

Hi Sandra, this webinar will be recorded for all attendees.
Are you able to hear us speaking currently?

Hello. May I try again. Thanks!

yes

Okay great. You look ready to go on my end. I'll send you a chat message a bit before it's your turn to help ensure you're ready to be unmuted. Thanks!

With our water quality already in question with the blue green algae, red tide, radioactive pollution and various sewage issues. Would it not be more prudent to work on that before taking away any wetlands? Could they possibly be used for cleansing? Thanks from Tiffany Grantham, Hollywood FL

Hi Tiffany, EPA is not planning to take content-related questions through the chat feature tonight, as this event is meant for them to hear from the public through oral comments. If you would like to ask your questions out loud as part of a comment, please raise your virtual hand and I will add you to the standby list. Thanks!

thanks, will do

Will minutes or comments be available to us?

What is the title of the email?

Yes, the transcript will be available as part of the public record, beginning a few days after the event.

Thanks

My name is Drew Martin, I signed up to comment. Do you see me on the list?

Hi Drew, we're not seeing you on our pre-registered list of folks who selected to speak on the registration form. I can add you to the standby list though? We should be able to take standby speakers as some speakers have not used their full 5 minutes

I am on a phone not a computer

How can I get the recording of this public hearing?

Can I watch on my computer, but then use my phone to make my comment at the appointed time?

Okay, have you entered your audio pin? You're showing as using computer audio based on my control panel

Hi Valentina, the transcript of the event will be available as part of the public record, a few days after the event

Yes, you can do that. If you're calling in by phone, please be sure to enter the Audio PIN, which you will find in your GTW control panel

chris michealessi

Thank you! Can you say who is speaking right now in
behalf of the national resources defense council?

I can't hear anyone speaking!

Hi Valentina, the speaker who just finished was Alison Kelly.
The speakers are highlighted in red on the slides if you're
able to see the visuals

I see the button now I think. I am calling under an alias

Hi what is the affiliation of Mareen long?

I hve phoned in but no pin was given to me!

Hi Valentina, I don't have a record of her affiliation, other than what each person shares orally. If you missed what she mentioned, the transcript will be available as part of the public record, beginning a few days after the event.

Hi Annette, please look in the Audio section of the control panel-- it should be listed there. It will have a # symbol on weither end, with a few numbers in between

no I don't have a pin hang on

my pin is giving me listening access only

Hi Annette, I'll be sure to help fix that in time for you to comment. Just give me a moment as I'm helping one of the group 1 speakers. Thank you! More from me soon

I can maybe call on a phone

I am scheduled to give a comment between 7:15 and
7:45

We will figure out a way to get you ready to comment!

Hi Annette, you're showing as ready to be unmuted on my end. If you've entered your audio pin, you should be good to go. Can you confirm you've entered your Pin? Thanks!

my email says a pin will be provided after logging in. I had not planned to talk obviously

Thanks! I can hear the comments, and I'm sure I'll be able to comment when the time comes.

Hi Chris, if you're just calling by a phone, I'm currently not seeing you in the control panel, so I can't send you your PIN. Normally I would be able to see the PIN to send it to you

I do not know what to do?

it's ok. I'm a former state
and Acoe employee who
mouth shut anyway

Do you have the visuals up on a computer? Are you should probably keep my
able to see the GoToWebinar control panel?

Let me test by unmuting you on my end and see if it's green. Please don't speak yet though.

I see the mute button I did not see before. not sure it it
will unmute now that I see it

Okay great! I think that means we'll be able to hear you now when we try again. We'll take a few of our scheduled speakers who are here, and then take your comment shortly after that.

ok. I am a girl??

Ah, sorry about that! We'll be taking your comment next, hopefully it'll work correctly this time.

Hi, I'm Nora. Senator Rodriguez' aide. Can someone please message me and. all me directly because the Senator needs a simpler way to call in

I did see where I could register to comment?

Hi yes, what's the issue he's having? I can send you the audio call-in information, but it should also be in the registration confirmation email you received.

The option to comment was on the main registration page for the webinar. All of our speaker slots are full at the moment, but we can add you to the standby list if you like? We'll take standby commenters as we're able to, if scheduled speakers are not here, for instance

He cant download the app onto his computer. Can he just dial in normally?

I think I will send my comments via mail.

Okay, sounds good. Please submit them to the formal docket according to the instructions on EPA's website.

From my understanding he would still need to download this app to his phone and then use the phone dial in? That seems complicated. Is there a simpler way?

No he joined by comouter! He sent you a message on the chat letting you know he's in
